

TEST CERTIFICATE

CC - Dr. Schutz GmbH

PU Sealer satin

Summary of Test Results

Simple to lay on

Silk mat finish

Optimum retention of value due to high wear resistance

Highly resistant to disinfection agents and many other chemicals

Reduced soilage and fewer heel marks

Maintenance costs are minimised since no additional care measures are required

Environmentally friendly since there is no need for wet basic cleaning

Partially renovatable

Suitable for sports facility floor coverings according to DIN 1 8032 -2
